

WELCOME TO EXCEL LONDON'S VEHICLE MANAGEMENT SYSTEM

Powered by Voyage Control

IMPORTANT: Please do not arrive at Excel London any earlier than 15 minutes prior to your allotted booking time. Vehicles arriving earlier may be asked to leave site and return at the appropriate time.

21 DAYS

Events will be available to book approximately 21 days prior to the first day of build. If your event is not shown, please check again closer to the date, or contact your event organiser.

If you are making a booking that will be delivered by a third-party supplier, please ensure they arrive with the booking pass and/or the booking reference number.

The type of vehicle you bring to the venue must be the same as that confirmed at the time of booking. Vehicles larger than those booked will not be accommodated.

It is advisable to make a booking as early as possible. Information such as driver details and vehicle registration details can be added at a later date but must be completed prior to arriving on-site.

Please arrive no earlier than 15 minutes prior to your booked time slot. This will ensure that you access the loading bays as soon as possible and assist in reducing any undue congestion or delay.

The time slot allocated is dependent on vehicle size and cannot be changed. Please make sure you leave within your allocated time and leave site or relocate your vehicle.

To amend your booking or download a vehicle pass for a booking you have already made, please select 'list of bookings' and ensure the date range boxes encompasses your booking date.

Excel London is unable to accommodate duplicate bookings or consecutive time slots.

These time slots are specific for loading and unloading only. Parking is a separate entity, which can be organised through conversation with the ExCeL London Traffic team.
